Over 35,000 of our people are unemployed and as businesses continue to close, there are limited opportunities for them to get their jobs back. Please provide a short paragraph with no more than 4 sentences.**

I introduced several measures including Bill 311 on 3-9-20, which proposed to reduce the BPT and amend the Dave Santos Act, as this was the onset of the economic crisis on island. This was also the 1st effort of the legislature to support the private sector during the pandemic. If reelected I will continue to pursue such efforts for commerce!
